

She wants to be a **SCIENTIST**

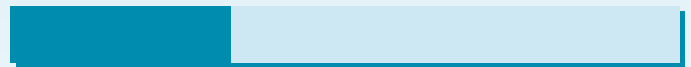

Did you know? ➔

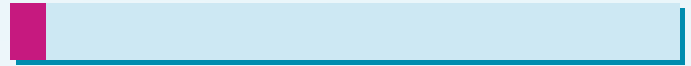

Current data predicts*: only 75% of Stockton students will finish high school

Less than 18% will earn a college degree

Fewer than 6% will earn a graduate degree

Help her succeed.
Lead by example!

Info and applications @
youngscientistprogram.org/mentors

The Stockton CAN program is now accepting mentor applications!

Successful applicants will help elementary and junior high students apply basic science skills and develop educational goals as they prepare for 2020 Science Olympiad.

Applicants must be high-school juniors, seniors or community college students interested in pursuing careers in STEM or education fields. Under-represented minority students are especially encouraged to apply.

APPLICATIONS DUE OCTOBER 1st

Included in the program:

- 1) **\$750 Scholarship!**
- 2) College Prep workshop hosted by UC Davis
- 3) Personalized help with college apps
